FRIDAY 13 September 2019

SECOND OPINION PANEL DISCUSSION - Paediatric Regional Anaesthesia and coagulation disorders - Paediatric Regional Anaesthesia and coagulation disorders 
CHAIR: A. Delbos (France)

- Non-inflammatory sacroiliac (SI) joint complex disorders – F. Mercier (France)
- Hip fracture – E. Albrecht (Switzerland)
- Daily chronic Pain – A. Pawa (UK)

ABSTRACTS FREE PAPERS 7
- CT-guided central nervus block for lateral sciatic - T. Pirone (Portugal)
- Ultrasound in foot surgery: more - J. McKenna (Ireland)
- Posterior crural block for posterior calf surgery - X. Sala-Blanch (Spain)
- Lateral ulnar nerve block for upper extremity surgery – M. Rezaeizadeh (Canada)

MORNING BREAK / E-POSTER DISCUSSION / VISIT THE EXHIBITION

POCUS & EMERGENCY WARD WORKSHOP
- Ultrasound with confidence – J. McKenna (Ireland)
- Ultrasound in foot surgery: more - J. McKenna (Ireland)
- Ultrasound in foot surgery: more - J. McKenna (Ireland)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Regional Anaesthesia and coagulation disorders 
CHAIR: L. Valdés (Spain)

- Intratecal anaesthesia in the treatment of non-musculoskeletal pain - L. Valdés (Spain)
- G. Ivani (Italy)
- Ultrasound guided nerve blocks with needling in supine position – B. Nicholls (UK)
- Ultrasound guided nerve blocks with needling in supine position – B. Nicholls (UK)

ABSTRACTS FREE PAPERS 6
- Transversus thoracis block and more distal spinal - A. Gross (Ireland)
- Transversus thoracis block and more distal spinal - A. Gross (Ireland)
- Spinal cord stimulation in the - A. Posse Iñigo (Spain)
- Chronic pain Neuromodulation for the - I. P. Posee Iñigo (Spain)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Neuraxial labour analgesia
CHAIR: K. Jinn Chin (Canada)

- Neuraxial labour analgesia - K. Jinn Chin (Canada)
- Neuraxial labour analgesia - K. Jinn Chin (Canada)
- Neuraxial labour analgesia - K. Jinn Chin (Canada)
- Neuraxial labour analgesia - K. Jinn Chin (Canada)

ABSTRACTS FREE PAPERS 5
- Elective tracheal intubation with supraglottic - E. C. Engman (USA)
- Elective tracheal intubation with supraglottic - E. C. Engman (USA)
- Elective tracheal intubation with supraglottic - E. C. Engman (USA)
- Elective tracheal intubation with supraglottic - E. C. Engman (USA)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Hip surgery (supine) (lumbar plexus, femoral, obturator, lateral sciatic nerve)
CHAIR: E. A. Saporito (Switzerland)

- Hip surgery (supine) (lumbar plexus, femoral, obturator, lateral sciatic nerve) – E. A. Saporito (Switzerland)
- Hip surgery (supine) (lumbar plexus, femoral, obturator, lateral sciatic nerve) – E. A. Saporito (Switzerland)
- Hip surgery (supine) (lumbar plexus, femoral, obturator, lateral sciatic nerve) – E. A. Saporito (Switzerland)
- Hip surgery (supine) (lumbar plexus, femoral, obturator, lateral sciatic nerve) – E. A. Saporito (Switzerland)

ABSTRACTS FREE PAPERS 4
- L. Valdés (Spain)
- L. Valdés (Spain)
- L. Valdés (Spain)
- L. Valdés (Spain)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Non-inflammatory sacroiliac (SI) joint complex disorders
CHAIR: G. Ivani (Italy)

- Non-inflammatory sacroiliac (SI) joint complex disorders – G. Ivani (Italy)
- Non-inflammatory sacroiliac (SI) joint complex disorders – G. Ivani (Italy)
- Non-inflammatory sacroiliac (SI) joint complex disorders – G. Ivani (Italy)
- Non-inflammatory sacroiliac (SI) joint complex disorders – G. Ivani (Italy)

ABSTRACTS FREE PAPERS 3
- Posterior and lateral sciatic nerve block for lower extremity pain – D. Correia (Portugal)
- Posterior and lateral sciatic nerve block for lower extremity pain – D. Correia (Portugal)
- Posterior and lateral sciatic nerve block for lower extremity pain – D. Correia (Portugal)
- Posterior and lateral sciatic nerve block for lower extremity pain – D. Correia (Portugal)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Shoulder and arm surgery (supine) (interscalene, supra and infraclavicular, PECS)
CHAIR: A. Sauter (Norway)

- Shoulder and arm surgery (supine) (interscalene, supra and infraclavicular, PECS) – A. Sauter (Norway)
- Shoulder and arm surgery (supine) (interscalene, supra and infraclavicular, PECS) – A. Sauter (Norway)
- Shoulder and arm surgery (supine) (interscalene, supra and infraclavicular, PECS) – A. Sauter (Norway)
- Shoulder and arm surgery (supine) (interscalene, supra and infraclavicular, PECS) – A. Sauter (Norway)

ABSTRACTS FREE PAPERS 2
- A. Gottschalk – A. Gottschalk
- A. Gottschalk – A. Gottschalk
- A. Gottschalk – A. Gottschalk
- A. Gottschalk – A. Gottschalk

10:00 - 10:30

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Ultrasound guided nerve blocks with needling in lateral position
CHAIR: S. Suresh (USA)

- Ultrasound guided nerve blocks with needling in lateral position – S. Suresh (USA)
- Ultrasound guided nerve blocks with needling in lateral position – S. Suresh (USA)
- Ultrasound guided nerve blocks with needling in lateral position – S. Suresh (USA)
- Ultrasound guided nerve blocks with needling in lateral position – S. Suresh (USA)

ABSTRACTS FREE PAPERS 1
- S. Suresh (USA)
- S. Suresh (USA)
- S. Suresh (USA)
- S. Suresh (USA)

10:00 - 10:30

SECOND OPINION PANEL DISCUSSION - Ultrasound guided nerve blocks with needling in supine position
CHAIR: G. Ivani (Italy)

- Ultrasound guided nerve blocks with needling in supine position – G. Ivani (Italy)
- Ultrasound guided nerve blocks with needling in supine position – G. Ivani (Italy)
- Ultrasound guided nerve blocks with needling in supine position – G. Ivani (Italy)
- Ultrasound guided nerve blocks with needling in supine position – G. Ivani (Italy)

ABSTRACTS FREE PAPERS
- G. Ivani (Italy)
- G. Ivani (Italy)
- G. Ivani (Italy)
- G. Ivani (Italy)
### SATURDAY 14 September 2019

**Morning Break:**
- **9.00 - 9.20**
- Networking Session: Regional anaesthesia for vascular and cardiac surgery
- Room 02 - WS (Tickets Required)

**9.30 - 10.20**
- Room 0B - 2nd opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 0C - Regional anaesthesia for vascular and cardiac surgery
- Room 0D - Regional anaesthesia for vascular and cardiac surgery

**10.30 - 11.00**
- Room 0B - Regional anaesthesia for vascular and cardiac surgery
- Room 0C - Regional anaesthesia for vascular and cardiac surgery
- Room 0D - Regional anaesthesia for vascular and cardiac surgery

**11.00 - 12.00**
- **Networking Break**

**12.00 - 13.00**
- **Fellowship in Ireland**
- Room 01 - 4th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 02 - 5th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 03 - 6th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 04 - 7th opinion: Anatomy: What do we need to know for regional anaesthesia?

**13.00 - 14.00**
- **Refresher: Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery**
- Room 0A - WS (Tickets Required)
- Room 0B - Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery
- Room 0C - Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery
- Room 0D - Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery

**14.00 - 15.00**
- **Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery**
- Room 01 - 8th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 02 - 9th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 03 - 10th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 04 - 11th opinion: Anatomy: What do we need to know for regional anaesthesia?

**15.00 - 16.00**
- **Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery**
- Room 01 - 12th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 02 - 13th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 03 - 14th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 04 - 15th opinion: Anatomy: What do we need to know for regional anaesthesia?

**16.00 - 17.00**
- **Regional Anaesthesia Techniques for Shoulder, Arm, and Hand Surgery**
- Room 01 - 16th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 02 - 17th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 03 - 18th opinion: Anatomy: What do we need to know for regional anaesthesia?
- Room 04 - 19th opinion: Anatomy: What do we need to know for regional anaesthesia?
